

ADVANCEMENT TO STATE FINALS

Schools, event teams, and individuals automatically qualify for the state finals by meeting the criteria below. In addition, based on Regional results, additional finalists may be advanced.

1. A school team will qualify by taking first in a region with four or more schools competing.
2. An event team will qualify by meeting any of the following criteria:
 - A. taking first place in their event at a regional with four or more schools competing.
 - B. being one of the top ten teams in the state in their area of competition, regardless of region.
 - C. scoring at or above the minimum qualifying score in Written, Calculator or Eight Person events. The minimum qualifying scores will be posted on the website and updated annually.
3. An individual will qualify in written competition by meeting any of the following criteria:
 - A. students who receive an individual award at the regional competition in Algebra I, Geometry, Algebra II and PreCalculus.
 - B. an individual who is one of the top 25 individual scorers in the state in their written competition category, as determined by raw score regardless of Region.
 - C. an individual student who scores at or above the minimum qualifying score in their competition. The minimum qualifying scores will be posted on the website and updated annually.

Additional qualifiers will be based on site space availability and the number of teams competing in a given division. The Contest Committee Chair will notify schools with all team and individual qualifiers for the State Finals approximately three weeks after the Regional competition.
